

SAFETY DATA SHEET

(In conformity with the regulation (CE) n.º 1907/2006)

09.10.2017 | Version: 2

Product: Primer Isolocork Filler

SECTION 1: Product and company identification

· **1.1 Product**

· **Primer Isolocork Filler**

· **Product code:** 9741

· **1.2 Relevant identified uses of the substance or mixture and uses advised against**

No further relevant information available.

· **Use of material / preparation:** aqueous primer

· **1.3 Identification of the supplier of the safety data sheet**

· **Company:**

Publiduplo, Lda

Zona Industrial de SAM, Pav. 1

4760-725 Ribeirão – V.N.F. – Portugal

Telf. 00351 252 491 859

Web: www.isolocork.com

E-mail: isolocork@isolocork.com

· **1.4 Emergency phone number:**

Emergency phone number (Portugal):

- of the Poisons Information Center (CIAV): + (351) 808 250 143

SECTION 2: hazard identification

· **2.1 Classification of the substance or mixture**

· **Classification in accordance with Regulation (EC) No. 1272/2008**

The product is not classified in compliance with the CLP regulation.

· **Classification in accordance with Directive 67/548/CEE or Directive 1999/45/CE** *Not applicable.*

· **Special warnings about risks to man and the environment:**

The product is not required to be identified based on the evaluation method of the «General Classification Directive for EC preparations» in the latest version in force.

· **Classification method:**

The classification is in accordance with Community legislation on dangerous preparations.

However, it is completed through data from specialized literature as well as information provided by raw material suppliers.

· **2.2 Label elements**

· **Labeling in accordance with Regulation (EC) n.º 1272/2008** *Not applicable*

· **Danger pictograms** *not applicable*

· **Signal word** *not applicable*

· **Hazard warnings** *not applicable*

· **Additoonal indications:**

Contains CMIT/MIT (CAS: 55965-84-9). May cause allergic reaction.

· **2.3 Other hazards**

Not relevant

SAFETY DATA SHEET

(In conformity with the regulation (CE) n.º 1907/2006)

09.10.2017 | Version: 2

Product: Primer Isolocork Filler

SECTION 3: Composition/information on components

- **3.2 Chemical characterization: Mixtures**
- **Description:** Mixture containing the following dangerous substances:
- **Harmful substances:** not applicable
- **Additional information:** The text of the hazard statements included here can be found in chapter 16

SECTION 4: First aid

- **4.1 Description of first aid measures**
- **General notices:** No special measures are required.
- **In case of inhalation:** Remove to fresh air, consult doctor.
- **In case of skin contact:** The product is generally not irritating to the skin.
- **In case of eye contact:**
Rinse eyes under running water, holding eyelids open for a few minutes.
- **In case of ingestion:** Consult the doctor.
- **4.2 Most important symptoms and effects, both acute and delayed**
No further relevant information available.
- **4.3 Indication of urgent medical attention and special treatment needed**
No further relevant information available.

SECTION 5: Firefighting measures

- **5.1 Means of extinction**
- **Suitable means for extinction:** Use appropriate extinguishing media according to the local conditions
- **5.2 Special hazards arising from the substance or mixture**
No further relevant information available.
- **5.3 Recommendations for fire fighting personnel**
- **Special protective equipment:**
The use of self-contained breathing apparatus may be necessary.

SECTION 6: Measures to be taken in the event of accidental leaks

- **6.1 Personal precautions, protective equipment and emergency procedures** Not necessary.
- **6.2 Environmental precautions:**
Dilute with plenty of water.
Avoid contamination of sewage / surface water / groundwater (soil).
- **6.3 Methods and materials for containment and cleaning:**
Absorb with suitable substances (sand, diatomites, chemically inert absorbents).
- **6.4 Reference to other sections**

SAFETY DATA SHEET

(In conformity with the regulation (CE) n.º 1907/2006)

09.10.2017 | Version: 2

Product: Primer Isolocork Filler

No dangerous substances are released.
For information on proper handling, see section 7.
For information regarding personal protective equipment, see section 8.
For information regarding waste treatment, see section 13.

SECTION 7: Handling and storage

- **7.1 Precautions for safe handling** No special measures required
- **Advice for protection against fire and explosions:** No special measures required.
- **7.2 Conditions for safe storage, including any incompatibilities**
- **Storage:**
- **Requirements for warehouses and containers:** No special requirements.
- **Care for joint storage:** No special requirements.
- **Other advice on storage conditions:** None.
- **7.3 Specific end uses** No further relevant information available

SECTION 8: Exposure control/personal protection

- **Additional technical measures:** There are no additional data, see section 7
- **8.1 Control parameters**
- **Components with exposure limit values, which must be controlled in the workplace :**
The product does not contain in its composition any relevant amounts of substances with an exposure limit value that must be controlled in the workplace.
- **Additional information:** The information provided is based on current legislation.
- **8.2 Exposure control**
- **Personal Protective Equipment:**
- **General protection and hygiene measures:**
The usual preventive measures for handling chemical products must be observed.
- **Respiratory protection:** Not required.
- **Hand protection:**
The glove material has to be impermeable and resistant to the product / the substance / the preparation.
Due to the lack of tests carried out, we cannot recommend a certain type of material for mixing the product / the preparation / the chemicals.
Choose the glove material taking into account durability, permeability and degradation.
- **Glove material:**
The choice of suitable gloves does not only depend on the material, but also on further marks of quality and varies from manufacturer to manufacturer. The fact that the product is composed of a variety of materials means that it is not possible to predict the duration of the same, and consequently of the gloves, thus making it necessary to carry out a check before use.
- **Penetration time of glove material:**
You should find out about the exact durability of your gloves from the manufacturer and respect it.

SAFETY DATA SHEET

(In conformity with the regulation (CE) n.º 1907/2006)

09.10.2017 | Version: 2

Product: Primer Isolocork Filler

· **Eye protection:**

It is advisable to wear protective goggles when leaking the product to protect from splashing.

SECTION 9: Physical and chemical properties

· **9.1 Information on basic physical and chemical properties.**

· **General indications**

· **Aspect:**

Aspect: Liquid

Color: Not available

· **Odor:** characteris

· **Odor threshold:** Not classified.

· **pH value:** Not classified.

· **Change of state:**

Melting Point / Melting Range: Not determined.

Boiling point / Boiling range: 100 °C

· **Flash point:** > 100 °C

· **Flammability (solid, gaseous):** Não aplicável.

· **Ignition temperature:**

Decomposition temperature Not classified.

· **Self-igniting:** The product does not self-ignite.

· **Explosion hazards:** The product is not explosive.

· **Explosive limits:**

Inferior: Not classified.

Superior: Not classified.

· **Density at 20 °C:** consult product technical sheet

· **Relative density:** Not classified.

· **Steam density:** Not classified.

· **Evaporation speed:** Not classified.

· **Solubility in / Miscibility with Water:** Not relevant.

· **Distribution coefficient (n-octanol/water):** Not classified.

· **9.2 Other information:** No further relevant information available.

SECTION 10: Stability and reactivity

· **10.1 Reactivity**

· **10.2 Chemical stability**

· **Thermal decomposition / conditions to be avoided:**

There is no decomposition if used according to specifications.

· **10.3 Possibility of hazardous reactions** No dangerous reactions known.

· **10.4 Conditions to avoid** No further relevant information available.

· **10.5 Incompatible materials:** No further relevant information available.

· **10.6 Hazardous Decomposition Products:** No dangerous decomposition products known.

SAFETY DATA SHEET

(In conformity with the regulation (CE) n.º 1907/2006)

09.10.2017 | Version: 2

Product: Primer Isolocork Filler

SECTION 11: Toxicological information

· 11.1 Information on toxicological effects

· Acute toxicity:

· Primary irritant effect:

· **in the skin:** No irritating effect.

· **in the eyes:** No irritating effects known (avoid contact with eyes).

· **Sensitivity:** Sensitizing effects are not known.

· Additional toxicological information:

The product is not subject to classification according to the calculation method provided for in the legislation on classification of dangerous preparations.

Using and handling as specified, the product does not, in our experience and knowledge, cause any harmful effects on health.

SECTION 12: Ecological information

· 12.1 Toxicity

· **Aquatic toxicity:** No further relevant information available.

· **12.2 Persistence and degradability:** No further relevant information available.

· **12.3 Bioaccumulation potential:** No further relevant information available.

· **12.4 Mobility on the ground:** No further relevant information available.

· Other data:

· General warnings:

Class 1 water hazard (D) (self-classification): slightly hazardous for water

Do not allow the product in high concentrations or in large quantities to contaminate groundwater, water courses and sewage systems.

· 12.5 PBT and mPmB assessment results

· **PBT:** Not applicable.

· **mPmB:** Not applicable.

· **12.6 Other adverse effects:** No further relevant information available.

SECTION 13: Disposal considerations

· 13.1 Waste treatment methods

· Recommendation:

Disposal must be done taking into account applicable national legislation

Contact waste treatment agencies for recycling information.

· Contaminated packaging:

· **Recommendation:** Disposal must be carried out taking into account applicable national legislation.

· **Recommended cleaning products:** Water, possibly with cleaning products.

SAFETY DATA SHEET

(In conformity with the regulation (CE) n.º 1907/2006)

09.10.2017 | Version: 2

Product: Primer Isolocork Filler

SECTION 14: Transport information

- **14.1 UN n.º**
- **ADR, ADN, IMDG, IATA** not applicable
- **14.2 UN proper shipping name**
- **ADR, ADN, IMDG, IATA** not applicable
- **14.3 Hazard classes for transport purposes**
- **ADR, ADN, IMDG, IATA**
- **Class** not applicable
- **14.4 Packing group**
- **ADR, IMDG, IATA** not applicable
- **14.5 Environmental hazards:**
- **Sea pollutant:** No
- **14.6 Special precautions for the user** not applicable
- **14.7 Transport in bulk in accordance with Annex II of the Marpol 73/78 Convention and the IBC Code**
not applicable
- **UN "Model Regulation":**

SECTION 15: Regulatory Information

- **15.1 Health, safety and environmental regulations/legislation specific for the substance or mixture.**
- **National regulations:**
- **Water hazard class:**
Water hazard class 1 (Self-assessment): slightly hazardous for water
- **15.2 Chemical safety assessment:** No Chemical Safety Assessment has been carried out.

SECTION 16: Other Information

The information contained in this safety data sheet is based on our best technical knowledge and on national and EC legislation, and the application conditions are beyond our control. The product must not be used for purposes other than those mentioned in the respective Technical Bulletin.

It is always the user's responsibility to take the necessary steps to comply with applicable law.

The information contained in this Safety Data Sheet is intended to stipulate the product's safety requirements and should not be considered as a guarantee of the product's properties.

Advice regarding training:

Minimum training in occupational risk prevention is recommended for personnel handling this product, in order to facilitate the understanding and interpretation of this safety data sheet.

- **Safety data sheet issued by:**
Publiduplo, Lda

SAFETY DATA SHEET

(In conformity with the regulation (CE) n.º 1907/2006)

09.10.2017 | Version: 2

Product: Primer Isolocork Filler

Abbreviations and acronyms:

ADR: Accord européen sur le transport des marchandises dangereuses par Route (European Agreement concerning the International

Carriage of Dangerous Goods by Road)

IMDG: International Maritime Code for Dangerous Goods

IATA: International Air Transport Association

GHS: Globally Harmonised System of Classification and Labelling of Chemicals

EINECS: European Inventory of Existing Commercial Chemical Substances

ELINCS: European List of Notified Chemical Substances

CAS: Chemical Abstracts Service (division of the American Chemical Society)

The information in this sheet is based on our best knowledge as of the date of publication and is provided in good faith. They should however be understood as a guide, not constituting a guarantee, since the operations with the product are not under our control, and this company does not assume any responsibility for losses or damages resulting therefrom. This information does not, under any circumstances, exempt the user of the product from complying with and respecting the laws and regulations applicable to the product, safety, hygiene and protection of human health and the environment, and from carrying out sufficient verification and procedural testing of effectiveness. The workers involved and responsible for the safety area must have access to the information contained in this form in order to ensure the safety of storage, handling and transport of this product.
